Cre8's June Newsletter

Read on for an update of what's gone on at Cre8 this month!

Young People, Clubs and The John Muir Award | The Mayor's Charity | Social Enterprise Van Washing | Volunteer Day | Admin Team update | Music Funding
| Learning Plus Sessions

Young People, Clubs and The John Muir Award

Primary and secondary clubs are now back up and running. It's really nice to see everyone again after such a long year of no clubs. All our young people

themselves with their friends.

Some of our young people are taking part in the John Muir award and recently we have been out doing water sports with the juniors as well as den building, Archery and map reading. The Secondary group have been rock climbing, doing natural art and orienteering. Both groups are doing really well, they are having lots of fun and experiencing new activities.

The Mayor's Charity

We were lucky this year to have been chosen by the Mayor of Macclesfield, Sarah Bennet Wake, to be one of the charities she supported. Sarah came along to our Secondary youth club where she presented us with a large cheque. Sarah then stayed at club for the evening and chatted with our young people.

We really appreciate all your help and support so Thank you Sarah!

Social Enterprise Van Washing

5 days every fortnight the Social Enterprise team are down at Creamline Dairies Ltd Jet Washing their vehicles and making them all shiny and clean.

Check out some before and after photos from this month!

If you know of a company or are part of a company yourself that has a fleet of vehicles that could do with cleaning - do get in touch with Jonathan who manages the team. Jonathan.aiken@cre8macclesfield.org

Volunteer day

Macclesfield Grow and Macclesfield Plant Swap kindly volunteered some of their time to help us make the Cre8 Building at the Mayfield Centre a nicer place to be. They had a blank canvas as the area had become very over grown and quite messy. The transformation is fabulous already and although there is lots more work needed to be done it is looking great. Thank you all so much for your hard work! We will carry on this work through summer and look forward to continuing to share the progress with you.

The Admin Team is expanding! Welcome to Paula Kite who has come on board to help us get to grips with the new online system of Charity Log and to help out around the office. Emma is also back from Maternity Leave in August but has been in doing some Keeping in Touch days this month. We are looking forward to settling down as a team over the summer.

The Music Project

We've had a busy month with the Music project. We've welcomed some new young people into the project in our primary school age group and had over 60 individual tutor lessons across ages.

Our young music leader Sam has been working hard composing a soundtrack for the Barnaby online parade, which you'll be able to see this Saturday. Young people have been involved in recording samba beats, editing and creating loops for Sam to use in his piece. We're very excited to see the result! Our outreach work has also enabled a talented young person to have some studio time to create his own music every week, with some of his work contributing to the Barnaby parade as well.

We have also been successful in our expression of interest for the next round of Youth Music funding and will be applying for that by 12th July.

Learning Plus Sessions

The Youth Work team have also been busy with Learning Plus 121 sessions.

Oliver has been building a bench and revamping a chicken COOP in his sessions. Have a look at the finished products below! The chicken COOP is complete with an electric door activated by light.

If you have a small project a young person could help with do get in touch.
